Brazil. Departamento nacional da produção mineral. Divisão de geologia e mineralogia.

The Serviço geológico e mineralógico was founded in 1907 in the Ministério da viação e obras publicas, and transferred in 1910 to the Ministério da agricultura, industria e commercio (which in 1930, became simply the Ministério da agricultura) In 1933 the Ministério da agricultura was twice re-organized. In the first reorganization the Serviço became the Instituto geológico e mineralógico of the Diretoria geral de pesquisas científicas of the Ministério;

in the 2d reorganization it was again called the Serviço geológico e mineralógico, but was attached to the newly created Departamento nacional da produção mineral. In 1939 its name was changed to Divisão de geologia e mineralogia under the Departamento nacional de produção mineral of the Ministério da agricultura.
